The proxy may be revoked by a shareholder attending the meeting, by withdrawing such proxy and voting in person. The cost of soliciting the proxies on the enclosed form will be paid by the Company. In addition to the use of mails, proxies may be solicited by employees of the Company (who will receive no additional compensation therefor) personally or by telephone or other electronic communications and arrangements may be made with banks, brokerage houses and other institutions, nominees and/or fiduciaries to forward the soliciting material to their principals and to obtain authorization for the execution of proxies. The Company may, upon request, reimburse banks, brokerage houses and other institutions, nominees and fiduciaries for their expenses in forwarding proxy material to their principals. VOTING INFORMATION

The record date for determining shares entitled to vote has been fixed at the close of business on April 2, 2015. On such date there were outstanding 2,438,209 shares of common stock of the Company, \$.20 par value (“Common Stock”), entitled to one vote each.

The presence, in person or by properly executed proxy, of the holders of shares of Common Stock entitled to cast a majority of the votes entitled to be cast by the holders of all outstanding shares of Common Stock is necessary to constitute a quorum. Directors will be elected by a plurality of all the votes cast at the 2015 Annual Meeting with each share being voted for as many individuals as there are Directors to be elected and for whose election the share is entitled to vote. Ratification of the appointment of Freed Maxick CPAs, P.C. as the Company’s independent registered public accounting firm for the 2015 fiscal year requires the affirmative vote of a majority of the votes cast. Pursuant to SEC rules, shareholder proposals must have been received by February 23, 2015, which date is 45 days before the date (April 9) on which the Company mailed its proxy materials for last year’s annual meeting, to be considered at the 2015 Annual Meeting. At April 2, 2015, the Company had not received notice of any intention to submit any other matter; and, therefore, the named proxies have discretion to vote on any other matter that comes before the meeting.

Shares of Common Stock represented by a properly signed, dated and returned proxy will be treated as present at the meeting for the purposes of determining a quorum. Proxies relating to “street name” shares of Common Stock that are voted by brokers will be counted as shares of Common Stock (i) present for purposes of determining the presence of a quorum and (ii) as having voted in accordance with the directions and statements on the form of proxy.

ADDITIONAL COMPANY INFORMATION

Committees and Meeting Data

The Board of Directors has a formal Audit Committee comprised of Mr. Pirrone and Mr. Hedges with Mr. Pirrone being designated as the Company's "Audit Committee financial expert". The Audit Committee meets with the Company's Independent Auditors and reviews with them matters relating to corporate financial reporting and accounting procedures and policies, the adequacy of financial, accounting and operating controls, the scope of the audit and the results of the audit. The Audit Committee is also charged with the responsibility of submitting to the Board of Directors any recommendations it may have from time to time

with respect to financial reporting and accounting practices, policies and financial accounting and operation controls and safeguards.

The Board has determined that Mr. Pirrone, Mr. Hedges and Mr. Cosgrove are Independent Directors pursuant to the listing standards of the NYSE MKT. In determining that Mr. Cosgrove was “independent”, the Board considered the fact that the Cosgrove Law Firm, of which Mr. Cosgrove is the owner, received approximately \$129,000 from the Company during 2014 for legal services. In determining that Mr. Pirrone was “independent”, the Board considered the facts that his brother is an employee (and not an executive officer) of the Company. The compensation paid to Mr. Pirrone’s brother in 2014 did not exceed \$120,000.

The Board of Directors does not have a standing nominating or compensation committee. Pursuant to Board resolutions, the full Board of Directors approves/ratifies all Director nominees after they are determined by the Independent Directors. See “Director Nominating Process” on page 8. Additionally, the Independent Directors determine the compensation of the Chief Executive Officer and all Executive Officers and such determinations are subsequently submitted to the full Board of Directors for approval/ratification.

During the fiscal year ended December 31, 2014, the Audit Committee met 4 times, the Independent Directors met 4 times and the Board of Directors met 6 times. No Director attended less than 100% of the meetings held. Each Director is encouraged to attend the Annual Meeting of Shareholders. In 2014, the Annual Meeting of Shareholders was attended by three of the five Directors then in office.

Code of Ethics

The Company has adopted a Code of Ethics and Business Conduct that applies to all Directors, Officers and employees of the Company as required by the listing standards of the NYSE MKT. The Code is available on the Company’s website at www.servotronics.com and the Company intends to disclose on this website any amendment to the Code. Waivers under the Code, if any, will be disclosed under the rules of the SEC and the NYSE MKT.

The Company also has a Whistleblower Policy, which is incorporated into the Code of Ethics and Business Conduct that requires Directors, executive officers and employees to comply with appropriate accounting and internal controls and establishes procedures to report any perceived wrongdoing, questionable accounting or auditing matters in a confidential and anonymous manner.

Report of the Audit Committee of the Board of Directors

The Audit Committee serves as the representative of the Board of Directors for general oversight of the Company’s financial accounting and reporting, systems of internal control, audit process and monitoring compliance with standards of business conduct. The Audit Committee operates under a written charter which is available on the Company’s website at

www.servotronics.com. Management of the Company has primary responsibility for preparing financial statements of the Company as well as the Company's financial reporting process. Freed Maxick CPAs, P.C. ("Freed Maxick"), acting as Independent Auditors, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles.

In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the audited financial statements for fiscal year 2014 with the Company's Management.
2. The Audit Committee has discussed with the Independent Auditors the matters required to be discussed by the Standards of the Public Company Accounting Oversight Board (PCAOB).
3. The Audit Committee has received the written disclosures and the letter from the Independent Auditors required by PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence*, and has discussed with Freed Maxick the matter of that firm's independence.
4. Based on the review and discussion referred to in paragraphs (1) through (3) above, the Audit Committee approved that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the Securities and Exchange Commission.

Each member of the Audit Committee is independent as defined under the listing standards of the NYSE MKT.

AUDIT COMMITTEE

Mr. Rigel Pirrone, Chairman
Donald W. Hedges, Esq.

Leadership Structure

Dr. Nicholas D. Trbovich is the Company's Chairman of the Board and Chief Executive Officer. The Company believes that having one person hold the roles of Chairman of the Board and Chief Executive Officer is the most effective way at this time to organize the leadership structure of the Board of Directors. Having one person hold the roles of Chairman of the Board and Chief Executive Officer promotes unified leadership and direction for the Board and executive management and it allows for a single and clear focus for the chain of command to execute the Company's strategic initiatives and business plans. Because Dr. Trbovich is primarily responsible for managing the Company's day-to-day operations and strategic plan implementations, he is in the best position to chair meetings of the Board of Directors where key business and strategic issues are discussed. The Board believes that the combined role of Chairman of the Board and Chief Executive Officer coupled with the

existence of the Independent Directors is the appropriate leadership structure for the Board of Directors at this time. It provides sufficient independent oversight while avoiding unnecessary confusion regarding the Board's oversight responsibilities and the day-to-day management of the Company's business operations and strategic plan implementations. The Independent Directors periodically review this structure to assess its effectiveness on a continuing basis.

Board Oversight of Risk Management

The Board of Directors oversees the Company's risk management process. This oversight is primarily accomplished through the Board's committees and management's reporting processes. The Company does not have a formal risk committee; however, the Audit Committee focuses on risk related to accounting, internal controls and financial and tax reporting. The Audit Committee also assesses economic and business risks and monitors compliance with ethical standards. The Independent Directors identify and oversee risks associated with the Company's executive compensation policies and practices, Director independence, related party transactions and the implementation of corporate governance policies.

Director Nominating Process

The determination of the individuals to be nominated for the Board of Directors is made by the Independent Directors. This determination is then subsequently submitted to the full Board of Directors for approval/ratification.

The Board has not adopted specific minimum criteria for director nominees. Nominees are identified by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination. If any member of the Board does not wish to continue in service, the Board first considers the appropriateness of the size of the Board and then considers factors that it deems are in the best interests of the Company and its shareholders in identifying and evaluating a new nominee. Consistent with the concept of diversity, the Company recognizes the value of having a Board that encompasses a broad range of skills, expertise, contacts, industry knowledge and diversity of opinion.

The Board will consider Director Nominees from any reasonable source, including nominees suggested by incumbent Board Members and Management as well as Shareholder recommendations tendered in accordance with the Company's advance notice provisions. The Company does not currently employ an executive search firm, or pay a fee to any other third party, to locate qualified candidates for director positions.

Directors' Compensation

Under the Company's compensation arrangements, Independent Directors are paid a yearly Director's fee of \$22,500 plus a per-meeting fee of \$1,000 and reimbursement of actual expenses for attendance at Board meetings. Independent Directors are also paid a \$7,500 retainer for committee service plus a per-meeting fee of \$750 and reimbursement of actual expenses for attendance at committee meetings.

The following table contains information with respect to the total compensation paid to the Independent Directors for the year ended December 31, 2014.

<u>Name</u>	<u>Fees Earned or Paid in Cash</u>
Dr. William H. Duerig	\$39,000

Sadly in January 2015, former Board member Dr. William H. Duerig passed away. Dr. Duerig was an exceptional individual who made significant and lasting contributions to the Company and his presence on the Board is greatly missed.

Shareholder Communications with the Board of Directors

Shareholders who wish to contact the Board of Directors or any of its members may do so by addressing their written correspondence to Board of Directors, 1110 Maple Street, P.O. Box 300, Elma, New York 14059. Correspondence directed to an individual Board member will be referred, if appropriate, to that member. EXECUTIVE COMPENSATION

The Summary Compensation Table as shown on page 11 quantifies the amount or value of the different forms of compensation earned by or awarded to the Named Executive Officers in fiscal 2014 and 2013 and provides a dollar amount for total compensation. Descriptions of the material terms of the employment agreements with certain Named Executive Officers are provided under "Employment Agreements" below.

The Compensation Process Overview

The Company does not have a standing compensation committee. The Independent Directors determine the compensation of the Named Executive Officers in accordance with the NYSE MKT listing standards. Management plays a significant role in the compensation-setting process, other than compensation of the Chief Executive Officer which is determined solely by the Independent Directors. The most significant aspects of management's role are evaluating employee performance, recommending business performance targets and objectives, and recommending salary levels and other compensation awards.

2014 Base Salary

The Independent Directors seek to provide the Named Executive Officers with a level of assured cash compensation in the form of base salary that is commensurate with their professional status, accomplishments and geographic location. The base salaries are reviewed annually by the Independent Directors and are adjusted from time to time to recognize competitive market data, the officer's level of responsibility, outstanding individual performance, promotions and internal equity considerations. For the year ended December 31, 2014, base salary paid to each of the Named Executive Officers is as set forth in the Summary Compensation Table, on page 11.

2014 Bonus

The Company may also make cash awards to the Named Executive Officers and other employees that are not part of any pre-established, performance-based criteria. Awards of this type are completely discretionary and subjectively determined by the Independent Directors at the time they are awarded. In the event this type of cash award is made, it is reflected in the “Summary Compensation Table” under a separate column entitled “Bonus.” For 2014, the bonuses were not awarded pursuant to any pre-established, performance-based criteria set by the Independent Directors. Rather, the bonuses were awarded in recognition of the efforts of the Named Executive Officers to control costs and expenses and improve Company profitability, through revenue expansion, leadership and product innovation. The Company was under no obligation to award the cash bonuses and is under no obligation to award future cash bonuses.

Equity Awards

Pursuant to the 2012 Long-Term Incentive Plan, as approved by the Company’s shareholders, the Independent Directors may grant equity awards, the vesting of which may be based on the passage of time, achievement of performance conditions or vesting conditions otherwise determined by the Independent Directors. No equity awards were made to the Named Executive Officers in 2014.

Summary Compensation Table

The following table contains information with respect to the annual compensation for the years ended December 31, 2014 and 2013 for the Company’s Chief Executive Officer and the two most highly compensated Executive Officers who were serving as Executive Officers at December 31, 2014.

If this provision is invoked and the Company makes the required payment, the Company will be relieved of any further salary liability under the agreement notwithstanding the number of years covered by the agreement prior to termination. The term of the agreement extends to and includes December 31, 2017 for Dr. Trbovich, and December 31, 2019 for Kenneth Trbovich provided however, the term of the agreement will be automatically extended for one additional year beyond its then expiration date unless either party has notified the other in writing that the term will not be extended. If the Company elects not to extend the agreement, he will be entitled to a severance payment equal to nine months’ salary and benefits.

The Cosgrove Law Firm, of which Edward C. Cosgrove is the owner, received approximately \$129,000 from the Company during 2014 for legal services. Mr. Cosgrove is not involved in the

selection of the Company’s counsel and the existing relationship with the law firm was not part of the basis for Mr. Cosgrove’s election to the board.

Proposed transactions between the Company and a related person are submitted to the Independent Directors for their determinations. In making its determinations, the Independent Directors consider, among other factors, whether the proposed transaction is in the Company’s best interest and is on terms no less favorable to the Company than terms generally available from an unaffiliated third-party under the same or similar circumstances and the extent of the related person’s interest in the transaction. Also, the Independent Directors may, at their discretion, request an independent appraisal if an independent appraisal has not already been provided. A related party is excluded from participating in the determinations of the Independent Directors.

At the Annual Meeting, the shareholders will be asked to ratify the selection of Freed Maxick as the Company’s independent registered public accounting firm. Pursuant to the rules and regulations of the Securities and Exchange Commission, the Audit Committee has the direct responsibility to appoint, retain, fix the compensation and oversee the work of the Company’s independent registered public accounting firm. In the event that the shareholders fail to ratify the selection, it will be considered as a direction to the Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

The affirmative vote of a majority of the votes cast on the proposal, assuming a quorum is present at the Annual Meeting, is required to ratify the appointment of Freed Maxick. The Directors of the Company unanimously recommend a vote “FOR” the ratification of Freed Maxick as the Company’s independent registered public accounting firm for 2015.
