QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the quarterly period ended March 31, 2017

or
 TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

Commission File No. 1-07109

SERVOTRONICS, INC.

(Exact name of registrant as specified in its charter)

Delaware
*(State or other jurisdiction of
incorporation or organization)*

16-0837866
*(I. R. S. Employer
Identification No.)*

1110 Maple Street
Elma, New York 14059
(Address of principal executive offices) (zip code)

(716) 655-5990
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Securities Exchange Act.

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

Class	Outstanding at April 30, 2017
Common Stock, \$.20 par value	2,434,449

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by United States generally accepted accounting principles for complete financial statements.

The accompanying consolidated financial statements reflect all adjustments which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented. All such adjustments are of a normal recurring nature. Operating results for the three months ended March 31, 2017 are not necessarily indicative of the results that may be expected for the year ending December 31, 2017. The consolidated financial statements should be read in conjunction with the 2016 annual report and the notes thereto.

2. Business Description and Summary of Significant Accounting Policies

Business Description

Servotronics, Inc. and its subsidiaries design, manufacture and market advanced technology products consisting primarily of control components and consumer products consisting of knives and various types of cutlery and other edged products.

Principles of Consolidation

The consolidated financial statements include the accounts of Servotronics, Inc. and its wholly-owned subsidiaries (the "Company"). All intercompany balances and transactions have been eliminated upon consolidation.

Cash and Cash Equivalents

The Company considers cash and cash equivalents to include all cash accounts and short-term investments purchased with an original maturity of three months or less.

Accounts Receivable

The Company grants credit to substantially all of its customers and carries its accounts receivable at original invoice amount less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its accounts receivable and establishes an allowance for doubtful accounts based on history of past write-offs, collections, and current credit conditions. The allowance for doubtful accounts amounted to approximately \$78,000 at March 31, 2017 and \$77,000 at December 31, 2016. The Company does not accrue interest on past due receivables.

Revenue Recognition

Revenues are recognized as services are rendered or as units are shipped and at the designated FOB point consistent with the transfer of title, risks and rewards of ownership. Such purchase orders generally include specific terms relative to quantity, item description, specifications, price, customer responsibility for in-process costs, delivery schedule, shipping point, payment and other standard terms and conditions of purchase.

Inventories

Inventories are stated at the lower of cost and net realizable value. Cost includes all costs incurred to bring each product to its present location and condition. Market provisions in respect of lower of cost or market adjustments and inventory expected to be used in greater than one year are applied to the gross value of the inventory through a reserve of approximately \$1,526,000 and \$1,513,000 at March 31, 2017 and December 31, 2016, respectively. Pre-production and start-up costs are expensed as incurred.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The purchase of suppliers' minimum economic quantities of material such as steel, etc. may result in a purchase of quantities exceeding one year of customer requirements. Also, in order to maintain a reasonable and/or agreed to lead time, certain larger quantities of other product support items may have to be purchased and may result in over one year's supply. These amounts are not included in the inventory reserve discussed above.

Shipping and Handling Costs

Shipping and handling costs are classified as a component of cost of goods sold.

Property, Plant and Equipment

Property, plant and equipment is carried at cost; expenditures for new facilities and equipment and expenditures which substantially increase the useful lives of existing plant and equipment are capitalized; expenditures for maintenance and repairs are expensed as incurred. Upon disposal of properties, the related cost and accumulated depreciation are removed from the respective accounts and any profit or loss on disposition is included in income.

Depreciation is provided on the basis of estimated useful lives of depreciable properties, primarily by the straight-line method for financial statement purposes and by accelerated methods for income tax purposes. Depreciation expense includes the amortization of capital lease assets. The estimated useful lives of depreciable properties are generally as follows:

Buildings and improvements	5-40 years
Machinery and equipment	5-20 years
Tooling	3-5 years

Income Taxes

The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of assets and liabilities, as well as operating loss and credit carryforwards. The Company and its subsidiaries file a consolidated federal income tax return, combined New York and Texas state income tax returns and separate Pennsylvania and Arkansas income tax returns.

The Company's practice is to recognize interest and/or penalties related to income tax matters in income tax expense. The Company did not have any accrued interest or penalties included in its consolidated balance sheets at March 31, 2017 or December 31, 2016, and did not recognize any interest and/or penalties in its consolidated statements of income during the three months ended March 31, 2017 and 2016. The Company did not have any material uncertain tax positions or unrecognized tax benefits or obligations as of March 31, 2017 and December 31, 2016. The 2013 through 2015 federal and state tax returns remain subject to examination.

Supplemental Cash Flow Information

There were no income taxes paid during the three months ended March 31, 2017 and 2016. Interest paid amounted to approximately \$22,000 and \$18,000, respectively, during the three months ended March 31, 2017 and 2016.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Employee Stock Ownership Plan

Contributions to the employee stock ownership plan are determined annually by the Company according to plan formula.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment annually or whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable based on undiscounted future operating cash flow analyses. If an impairment is determined to exist, any related impairment loss is calculated based on fair value. Impairment losses on assets to be disposed of, if any, are based on the estimated proceeds to be received, less costs of disposal. The Company has determined that no impairment of long-lived assets existed at March 31, 2017 and December 31, 2016.

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain balances as previously reported were reclassified to conform with classifications adopted in the current period.

Research and Development Costs

Research and development costs are expensed as incurred.

Concentration of Credit Risks

Financial instruments that potentially subject the Company to concentration of credit risks principally consist of cash accounts in financial institutions. Although the accounts exceed the federally insured deposit amount, management does not anticipate nonperformance by the financial institutions.

Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses are reasonable estimates of their fair value due to their short maturity. Based on variable interest rates and the borrowing rates currently available to the Company for loans similar to its long-term debt, the fair value approximates its carrying amount.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-11, "Inventory (Topic 330): Simplifying the Measurement of Inventory". The ASU changes the measurement principle for certain inventory methods from the lower of cost or market to the lower of cost and net realizable value. The current guidance simplifies when an entity must measure inventory at the lower of cost or market (market in the context is defined as one of three different measures, one of which is net realizable value). For public business entities, the ASU is effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. The Company adopted this guidance and it has not had a material impact on the Company's financial statements.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In November 2015, the FASB issued ASU 2015-17, "Balance Sheet Classification of Deferred Taxes". The guidance requires that all deferred tax assets and deferred tax liabilities, along with any related valuation allowance, be classified as noncurrent on the balance sheet. The guidance becomes effective for annual reporting periods beginning after December 15, 2016 with interim periods within those annual periods. The Company adopted this guidance during the reporting period, which resulted in the reclassification of a deferred tax liability of \$661,000 from current to noncurrent at March 31, 2017 and December 31, 2016. The deferred tax liability, for both reporting periods offsets the deferred tax asset, as presented on the balance sheet at March 31, 2017 and December 31, 2016.

In March 2016, the FASB issued ASU 2016-09, "Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting," which amends the current stock compensation guidance. The amendments simplify the accounting for the taxes related to stock based compensation, including adjustments to how excess tax benefits and a company's payments for tax withholdings should be classified. The standard is effective for fiscal periods beginning after December 15, 2016, with early adoption permitted. The Company adopted this guidance and it has not had a material impact on the Company's financial statements.

In January 2017, the FASB issued ASU 2017-04, "Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment," which removes the requirement to compare the implied fair value of goodwill with its carrying amount as part of step 2 of the goodwill impairment test. As a result, under the ASU, "an entity should perform its annual, or interim, goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount and should recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit's fair value; however, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit." The ASU is effective prospectively for fiscal years beginning December 15, 2019 for public business entities that are SEC filers. Early adoption is permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. The Company has adopted this guidance and it has not had a material impact on the Company's financial statements.

In March 2017, the FASB issued ASU 2017-07, "Compensation-Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost," which requires employers to present the service cost component of net periodic benefit cost in the same income statement line item(s) as other employee compensation costs arising from services rendered during the period. Only the service cost component will be eligible for capitalization in assets. The other components of net periodic benefit cost will be presented separately from the line item(s) that includes the service cost and outside of any subtotal of operating income, if one is presented. This update is effective for annual periods beginning after December 15, 2017.

In May 2014, the FASB issued ASU 2014-09, "Revenue from Contracts with Customers (Topic 606)." The new revenue recognition standard outlines a comprehensive model for companies to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. In August 2015, the FASB affirmed its proposal to defer the effective date of the standard to annual reporting periods (and interim reporting periods within those years) beginning after December 15, 2017. Entities are permitted to apply the new revenue standard early, but not before the original effective date of annual periods beginning after December 15, 2016. The Company's revenues are recognized as services are rendered or as units are shipped and at the designated FOB point. The Company does not believe the adoption will have a material impact on our consolidated financial statements.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)." There are elements of the new standard that could impact almost all entities to some extent, although the lessees will likely see the most significant changes. Lessee will need to recognize virtually all of their leases on the balance sheet, by recording the right-of-use asset and a lease liability. Public business entities are required to adopt the new leasing standard for fiscal years, and interim period within those fiscal years, beginning December 15, 2018. For calendar year-end public companies, this means an adoption date of January 1, 2019. Early adoption is permitted. The Company does not believe the adoption will have a material impact on the financial statements and disclosures.

3. Inventories

	March 31, 2017	December 31, 2016
	(\$000's omitted)	
Raw material and common parts, net of reserve	\$ 7,664	\$ 7,618
Work-in-process,	2,285	2,062
Finished goods, net of reserve	3,374	3,613
Total inventories	<u>\$ 13,323</u>	<u>\$ 13,293</u>

4. Property, Plant and Equipment

	March 31, 2017	December 31, 2016
	(\$000's omitted)	
Land	\$ 7	\$ 21
Buildings	10,167	10,422
Machinery, equipment and tooling	15,959	15,826
Construction in progress	123	77
	<u>26,256</u>	<u>26,346</u>
Less accumulated depreciation and amortization	(16,536)	(16,409)
Total property, plant and equipment	<u>\$ 9,720</u>	<u>\$ 9,937</u>

As previously disclosed, the Company through a wholly-owned subsidiary, entered into a contract to sell unused commercial real property in Franklinville, New York for approximately \$180,000. The sale transaction closed on March 9, 2017 and the wholly-owned subsidiary recognized a de minimis loss on the sale.

Depreciation and amortization expense amounted to approximately \$210,000 and \$207,000 for the three months ended March 31, 2017 and 2016, respectively. The Company believes that it maintains property and casualty insurance in amounts adequate for the risk and nature of its assets and operations and which are generally customary in its industry.

As of March 31, 2017, there is approximately \$123,000 (\$77,000 – 2016) of construction in progress included in property, plant and equipment all of which is related to capital projects at the Advanced Technology Group. See Note 7, Commitments and Contingencies, for more information on anticipated capital expenditures.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

5. Long-Term Debt

	March 31, 2017	December 31, 2016
	(\$000's omitted)	
Term loan payable to a financial institution; Interest rate option of bank prime or LIBOR plus 1.4% (2.18% as of March 31, 2017); monthly principal payments of \$21,833 through 2021 with a balloon payment of \$786,000 due December 1, 2021	\$ 2,009	\$ 2,096
Term loan payable to a financial institution; Interest rate option of bank prime or LIBOR plus 1.4% (2.18% as of March 31, 2017); monthly principal payments of \$23,810 through 2021	1,357	1,428
	3,366	3,524
Less current portion	(548)	(548)
	\$ 2,818	\$ 2,976

The Company has a \$2,000,000 line of credit on which there was no balance outstanding at March 31, 2017 and December 31, 2016.

The term loans and line of credit are secured by all personal property of the Company with the exception of certain equipment that was purchased from proceeds of government grants.

Certain lenders require the Company to comply with debt covenants as described in the specific loan documents, including a debt service ratio. At March 31, 2017 and December 31, 2016 the Company was in compliance with these covenants.

6. Shareholders' Equity

(\$000's omitted except for share data)

	Common Stock		Capital in excess of par value	Retained earnings	ESOT	Treasury stock	Accumulated Other Comprehensive Loss	Total shareholders' equity
	Number of shares issued	Amount					Loss

The Company's Board of Directors authorized the purchase of up to 450,000 shares of its common stock in the open market or in privately negotiated transactions. As of March 31, 2017, the Company has purchased 345,404 shares and there remains 104,596 shares available to purchase under this program. There were no shares purchased by the Company during the three month period ended March 31, 2017.

On April 18, 2013, the Company issued 165,000 shares of restricted stock to Executive Officers of the Company under the Company's 2012 Long-Term Incentive Plan that was approved by the shareholders at the 2012 Annual Meeting of Shareholders. This plan authorizes the issuance of up to 300,000 shares. The restricted share awards vest over four year periods between January 2014 and January 2017; however, have voting rights and accrue dividends prior to vesting. The aggregate amount of expense to the Company, measured based on grant date fair value is expected to be \$1,336,500 and was recognized over the four year requisite service period.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

On April 11, 2016, the Company issued 51,000 shares of restricted stock to Executive Officers and certain key management of the Company under the Company's 2012 Long-Term Incentive Plan. The restricted share awards have varying vesting periods between January 2017 and January 2018; however, these shares have voting rights and accrue dividends prior to vesting. The aggregate amount of expense to the Company, measured based on grant date fair value is expected to be approximately \$406,000 and will be recognized over the requisite service period.

Included in the three months ended March 31, 2017 and 2016 is approximately \$53,000 and \$90,000, respectively, of compensation expense related to the restrictive share awards.

On January 1, 2017, 39,750 shares of restricted stock vested of which 15,991 shares were withheld and repurchased by the Company for approximately \$160,000 to satisfy statutory minimum withholding tax requirements for those participants who elected this option as permitted under the Company's 2012 Long-Term Incentive Plan.

Earnings Per Share

Basic earnings per share is computed by dividing net earnings by the weighted average number of shares outstanding during the period. The weighted average number of common shares outstanding does not include any potentially dilutive securities or any unvested restricted shares of common stock. These unvested restricted shares, although classified as issued and outstanding, are considered forfeitable until the restrictions lapse and will not be included in the basic EPS calculation until the shares are vested. Diluted earnings per share is computed by dividing net earnings by the weighted average number of shares outstanding during the period plus the number of shares of common stock that would be issued assuming all contingently issuable shares having a dilutive effect on the earnings per share that were outstanding for the period. Incremental shares from assumed conversions are calculated as the number of shares that would be issued, net of the number of shares that could be purchased in the marketplace with the cash received upon stock option exercise. The dilutive effect of unvested restrictive stock is determined using the treasury stock method.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

7. Commitments and Contingencies

Litigation. The Company has pending litigation relative to leases of certain equipment and real property with a former related party, Aero, Inc. Aero, Inc. is suing Servotronics, Inc. and its wholly owned subsidiary and has alleged damages in the amount of \$3,000,000. The Company has filed a response to the Aero, Inc. lawsuit and has also filed a counter-claim in the amount of \$3,191,000. The Company considers the risk of loss remote, and is unable to reasonably or accurately estimate the likelihood and amount of any liability or benefit that may be realized as a result of this litigation. Accordingly, no gain or loss has been recognized in the accompanying financials statements related to this litigation.

Post retirement obligation. As previously disclosed in filings with the Securities and Exchange Commission (“SEC”), in the first quarter of 2015 the Company paid a former Executive Officer of the Company (the “Former Employee”) as arbitration award in connection with the termination of the Former Employee’s employment agreement. The Company is also expected to pay post employment health related benefits for the Former Employee, of which approximately \$528,000 has been accrued as of March 31, 2017 and is reflected as Post Retirement Obligation in the accompanying balance sheet.

Facility Expansion. As previously disclosed, the Company has commenced a multi-year investment plan designed to consolidate the operations of the Consumer Products Group (“CPG”). The five year plan included the construction of an approximate 28,000 square foot addition, capital improvements to the existing plant, the reconfiguration of its production process within the expanded facility, and the addition of new state of the art knife-making equipment. The Company broke ground in the second quarter of 2014 and is now manufacturing in the newly constructed facility. The cost of the project is approximately \$4,000,000 over a five year period of which \$3,432,000 was completed as of March 31, 2017 and is included in property, plant and equipment.

The Company’s CPG was awarded certain incentives from the County of Cattaraugus Industrial Development Agency (CCIDA) in connection with the expansion of the Company’s CPG facility in Franklinville, New York and other proposed capital expenditures. The incentives include certain real property tax and sales tax abatements in connection with the proposed project. The Company’s CPG entered into customary lease and leaseback arrangements with the CCIDA to facilitate the various tax incentives.

The Company’s CPG was awarded a \$300,000 grant from Cattaraugus County, New York. The grant was used towards new manufacturing equipment in connection with the proposed expansion project. As part of the terms of the Grant Contract with Cattaraugus County, the Company’s CPG has agreed to maintain certain employment levels for a period of five years from the date of the agreement, March 13, 2014. If the employment levels are not maintained, the Company will be required to repay the grant proceeds on a prorated basis. The Company has maintained the required employment levels as of March 31, 2017.

8. Litigation

Except as set forth in Note 7, Commitments and Contingencies, there are no other legal proceedings currently pending by or against the Company other than ordinary routine litigation incidental to the business which is not expected to have a material adverse effect on the business or earnings of the Company.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

9. Business Segments

The Company operates in two business segments, Advanced Technology Group (“ATG”) and CPG. The Company’s reportable segments are strategic business units that offer different products and services. The segments are composed of separate corporations and are managed separately. Operations in ATG primarily involve the design, manufacture, and marketing of servo-control components (i.e., torque motors, control valves, actuators, etc.) for government, commercial and industrial applications. CPG’s operations involve the design, manufacture and marketing of a variety of cutlery products for use by consumers and government agencies. The Company derives its primary sales revenue from domestic customers, although a portion of finished products are for foreign end use.

As of March 31, 2017, the Company had identifiable assets of approximately \$34,943,000 (\$35,620,000 – December 31, 2016) of which approximately \$23,945,000 (\$24,037,000 – December 31, 2016) was for ATG and approximately \$10,998,000 (\$11,583,000 – December 31, 2016) was for CPG.

Information regarding the Company’s operations in these segments is summarized as follows (\$000’s omitted):

	ATG		CPG		Consolidated	
	Three Months Ended March 31,		Three Months Ended March 31		Three Months Ended March 31,	
	2017	2016	2017	2016	2017	2016
Revenues from unaffiliated customers	\$ 7,420	\$ 7,110	\$ 1,683	\$ 1,837	\$ 9,103	\$ 8,947
Cost of goods sold, exclusive of depreciation and amortization	(5,464)	(5,169)	(1,578)	(1,547)	(7,042)	(6,716)

Interest expense	(15)	(11)	(8)	(8)	(23)	(19)
Income (loss) before income tax provision (benefit)	468	658	(472)	(289)	(4)	369
Income tax provision (benefit)	112	198	(142)	(87)	(30)	111
Net income (loss)	<u>\$ 356</u>	<u>\$ 460</u>	<u>\$ (330)</u>	<u>\$ (202)</u>	<u>\$ 26</u>	<u>\$ 258</u>
Capital expenditures	<u>\$ 181</u>	<u>\$ 139</u>	<u>\$ 2</u>	<u>\$ 39</u>	<u>\$ 183</u>	<u>\$ 178</u>

10. Other Income

Components of other income include interest income on cash and cash equivalents, and other amounts not directly related to the sale of the Company’s products. Other income is immaterial in relationship to the consolidated financial statements.

11. Subsequent Events

None.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Overview

During the three month periods ended March 31, 2017 and 2016 approximately 9%, of the Company's revenues were derived from contracts with agencies of the U.S. Government or their prime contractors and their subcontractors. The Company believes that government involvement in military operations overseas will continue to have an impact on the financial results in both the Advanced Technology and Consumer Products markets. While the Company is optimistic in relation to these potential opportunities, it recognizes that sales to the government are affected by defense budgets, the foreign policies of the U.S. and other nations, the level of military operations and other factors, and as such, it is difficult to predict the impact on future financial results.

The Company's commercial business is affected by such factors as uncertainties in today's global economy, global competition, the vitality and ability of the commercial aviation industry to purchase new aircraft, the effects and threats of terrorism, market demand and acceptance both for the Company's products and its customers' products which incorporate Company made components.

The ATG engages in business development efforts in its primary markets and is broadening its activities to include new domestic and foreign markets that are consistent with its core competencies. We believe our business remains particularly well positioned in the strong commercial aircraft market driven by the replacement of older aircraft with more fuel efficient alternatives and the increasing demand for air travel in emerging markets. Although the ATG backlog continues to be strong, actual scheduled shipments may be delayed/changed as a function of the Company's customers' final delivery determinations based on changes in the global economy and other factors.

The CPG continues to diversify its revenue streams with a broader government focus and new commercial channels, including the addition of national retailers, international accounts, and a direct-to-consumer business line, in response to recent and ongoing reductions in military spending. The CPG is also actively growing its custom manufacturing business to provide a wide range of metal and plastic fabrication services to a variety of consumer and industrial companies. New product development is focused on the commercialization of products with applications that span government and civilian requirements to maximize demand or that open up new lines of business entirely.

See also Note 9, Business Segments, for information concerning business segment operating results.

Results of Operations

The following table compares the Company's consolidated statements of income data for the three months ended March 31, 2017 and 2016 (\$000's omitted):

	Three Months Ended March 31,				2017 vs 2016	
	2017		2016		Dollar	% Increase
	Dollars	% of Sales	Dollars	% of Sales	Change	(Decrease)
Revenue:						
Advanced Technology	\$ 7,420	81.5%	\$ 7,110	79.5%	\$ 310	4.4%
Consumer Products	1,683	18.5%	1,837	20.5%	(154)	(8.4%)
	<u>9,103</u>	<u>100.0%</u>	<u>8,947</u>	<u>100.0%</u>	<u>156</u>	<u>1.7%</u>
Cost of goods sold, exclusive of depreciation and amortization	7,042	77.4%	6,716	75.1%	326	4.9%
Selling, general and administrative	1,832	20.1%	1,636	18.3%	196	12.0%
Depreciation and amortization	210	2.3%	207	2.3%	3	1.4%
Total costs and expenses	<u>9,084</u>	<u>99.8%</u>	<u>8,559</u>	<u>95.7%</u>	<u>525</u>	<u>6.1%</u>
Operating income, net	19	0.2%	388	4.3%	(369)	(95.1%)
Interest expense	23	0.3%	19	0.2%	4	21.1%
Income tax provision	(30)	(0.3%)	111	1.2%	(141)	(127.0%)
Net income	<u>\$ 26</u>	<u>0.2%</u>	<u>\$ 258</u>	<u>2.9%</u>	<u>\$ (232)</u>	<u>(89.9%)</u>

Revenue

The Company's consolidated revenues from operations increased approximately \$156,000 or 1.7% for the three month period ended March 31, 2017 when compared to the same period in 2016. The net increase in revenue is primarily the result of increases in commercial shipments at ATG offset by a reduction in revenues at the CPG. Increased revenue from CPG government sales were more than offset by decreases in revenue from CPG domestic and international commercial channels.

Cost of Goods Sold

Cost of goods sold increased approximately \$326,000 or 4.9% for the three month period ended March 31, 2017 when compared to the same period in 2016 due to increased sales volume. Cost of sales as a percentage of sales increased from 75.1% to 77.4% for the three month period ended March 31, 2017 when compared to the same period in 2016 due in part to the mix of product sold. Additionally, although consolidated employment levels remained relatively consistent, the Company experienced some initial labor inefficiencies in the first quarter of 2017 associated with the transition of certain workforce responsibilities in response to an increase in production capacity requirements at the ATG. The Company continues to pursue cost saving opportunities in material procurements and operating efficiencies including capital investments and technical developments in updated and new equipment/machinery as well as investing in the development and training of its labor force.

Selling, General and Administrative Expenses

Selling, general and administrative (SG&A) expenses increased approximately \$196,000 or 12% for the three month period ended March 31, 2017 when compared to the same period in 2016. Approximately 56% of SG&A expense relates to labor and labor related expense to support SG&A functions. Such expenses increased approximately \$33,000 primarily due to an increase in salaries, wages and employee benefit costs for new and existing employees. Approximately 13% of SG&A expense is attributable to the sales and marketing of products including commissions and royalty expenses. These expenses decreased approximately \$24,000 as a result of less investment in media and catalog advertising and travel opportunities to promote new product development. Approximately 16% of SG&A expense is attributable to professional and legal services, such expenses increased approximately \$122,000 primarily due to ongoing legal proceedings.

Depreciation and Amortization Expense

Depreciation and amortization remained relatively consistent for the three month period ended March 31, 2017 and when compared to the same period in 2016 primarily due to a previously disclosed contract to sell commercial real property in Franklinville, NY for approximately \$180,000. The sale transaction closed on March 9, 2017. Depreciation expense fluctuates due to variable estimated useful lives of depreciable property (as identified in Note 2, Business Description and Summary of Significant Accounting Policies, of the accompanying consolidated financial statements) as well as the amount and nature of capital expenditures in current and previous periods. It is anticipated that the Company's future capital expenditures and related depreciation and amortization expense will, at a minimum, follow the Company's requirements to support its manufacturing delivery commitments and to meet certain information technology related capital expenditure requirements. See also Note 7, Commitments and Contingencies, for more information on anticipated capital expenditures.

Interest Expense

Interest expense remained relatively consistent for the three month period ended March 31, 2017 when compared to the same period in 2016. See also Note 5, Long-Term Debt, for information on long-term debt.

Other Income

See Note 10, Other Income, for information on other income.

Income Taxes

The Company's effective tax rate was approximately 750.0% and 30.0% for the three month periods ended March 31, 2017 and 2016, respectively. The effective tax rate for the three month period ended March 31, 2017 includes approximately \$28,000 of tax benefit resulting from the vesting of restricted stock awards. Without this tax benefit, the effective tax rate would be 30.0%. The effective tax rate in both years reflects federal and state income taxes, permanent non-deductible expenditures and the federal tax credit for research and development expenditures.

Net Income

Net income for the three month period ended March 31, 2017 decreased approximately \$232,000 when compared to the same period in 2016. This decrease is the result of decreases in revenues at the CPG as well as increased legal expenses not fully offset by increases in revenues at the ATG in the respective period.

Liquidity and Capital Resources

The Company's primary liquidity and capital requirements relate to working capital needs; primarily inventory, accounts receivable and accounts payable as well as capital expenditures for property, plant and equipment and principal and interest payments on debt. At March 31, 2017, the Company had working capital of approximately \$19,793,000 of which approximately \$3,252,000 was comprised of cash and cash equivalents.

The Company generated approximately \$58,000 in cash from operations during the three months ended March 31, 2017. Cash was generated primarily through timing differences on collections of accounts receivables as well as other accrued items. The primary use of cash for the Company's operating activities for the three months ended March 31, 2017 include working capital requirements, timing differences on payments to vendors and other current assets. Cash generated and used in operations is consistent with sales volume, customer expectations and competitive pressures. The Company's primary use of cash in its financing and investing activities in the three months ended March 31, 2017 included approximately \$158,000 of current principal payments on long-term debt as well as approximately \$160,000 for the purchase of treasury shares. The Company also expended approximately \$183,000 for capital expenditures during the three months ended March 31, 2017. These uses are partially offset by cash generated in the amount of \$180,000 for the sale of commercial real property.

The Company has a \$2,000,000 line of credit, which is available until June 21, 2017, which is intended to be renewed under similar terms. As of March 31, 2017, there were no draws on the line.

In addition, the Company's wholly-owned subsidiary, The Ontario Knife Company (OKC) also entered into a separate Loan Agreement with the Bank on December 1, 2014. The OKC Loan Agreement provides for a \$2,000,000 seven-year term loan (the "OKC Term Loan"). The proceeds from the OKC Term Loan are being used to purchase equipment and expand/renovate the OKC facility in Franklinville, New York.

The Company believes its cash generating capability and financial condition, together with available credit facilities will be adequate to meet our operating, investing and financing needs.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information required under this item.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

The Company carried out an evaluation under the supervision and with the participation of its management, including the Company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), of the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)) as of March 31, 2017. Based upon that evaluation, the CEO and CFO concluded that the Company's disclosure controls and procedures are effective to ensure that the information required to be disclosed by the Company in SEC reports under the Exchange Act (i) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) is accumulated and communicated to the Company's management, including the CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls

During the three month period ended March 31, 2017, there were no changes in internal controls over financial reporting that have materially affected, or are reasonably likely to affect, the Company's internal controls over financial reporting.

PART II
OTHER INFORMATION

Item 1. Legal Proceedings

Except as set forth in Note 7, Commitments and Contingencies, there are no other legal proceedings which are material to the Company currently pending by or against the Company other than ordinary routine litigation incidental to the business which is not expected to materially adversely affect the business or earnings of the Company.

Item 1A. Risk Factors

Not applicable.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(c) Company Purchases of Company's Equity Securities

2017 Periods	Total Number of Shares Purchased	Weighted Average Price \$ Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (1)	Maximum Number of Shares that may yet be Purchased under the Plans or Programs (1)
January	15,991(2)	\$9.97	-	104,596
February	-	-	-	104,596
March	-	-	-	104,596
Total	15,991	\$9.97	-	104,596

(1) The Company's Board of Directors authorized the purchase of up to 450,000 shares of its common stock in the open market or in privately negotiated transactions. As of March 31, 2017, the Company has purchased 345,404 shares and there remains 104,596 shares available to purchase under this program. There were no shares purchased by the Company during the three month period ended March 31, 2017.

(2) Includes 15,991 shares withheld/purchased by the Company in January 2017 to satisfy statutory minimum withholding tax requirements for those participants who elected this option as permitted under the Company's 2012 Long-Term Incentive Plan.

Item 3. Defaults Upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

Not applicable

Item 6. Exhibits

- 31.1 Certification of Chief Executive Officer pursuant to Rule 13a-14 or 15d-14 of the Securities Exchange Act of 1934, as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 (Filed herewith)
- 31.2 Certification of Chief Financial Officer pursuant to Rule 13a-14 or 15d-14 of the Securities Exchange Act of 1934, as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 (Filed herewith)

- 32.1 Certification of Chief Executive Officer pursuant to 18 U.S.C. 1350 as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 (Filed herewith)
- 32.2 Certification of Chief Financial Officer pursuant to 18 U.S.C. 1350 as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 (Filed herewith)
- 101 The following materials from Servotronics, Inc.'s Quarterly Report on Form 10-Q for the quarter ended March 31, 2017, formatted in XBRL (eXtensible Business Reporting Language): (i) consolidated balance sheets, (ii) consolidated statements of income, (iii) consolidated statements of comprehensive income, (iv) consolidated statements of cash flows and (v) the notes to the consolidated financial statements.

FORWARD-LOOKING STATEMENTS

In addition to historical information, certain sections of this Form 10-Q contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, such as those pertaining to the Company's capital resources and profitability, the timing and amount of payment obligation relating to the arbitration award and the Company's ability to pay these obligations. Forward-looking statements involve numerous risks and uncertainties. The Company derives a material portion of its revenues from contracts with agencies of the U.S. Government or their prime contractors. The Company's business is performed under fixed price contracts and the following factors, among others discussed herein, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: uncertainties in today's global economy and global competition, and difficulty in predicting defense appropriations, the vitality of the commercial aviation industry and its ability to purchase new aircraft, the willingness and ability of the Company's customers to fund long-term purchase programs, and market demand and acceptance both for the Company's products and its customers' products which incorporate Company-made components. The success of the Company also depends upon the trends of the economy, including interest rates, income tax laws, governmental regulation, legislation, population changes and those risk factors discussed elsewhere in this Form 10-Q. Readers are cautioned not to place undue reliance on forward-looking statements, which reflect management's analysis only as of the date hereof. The Company assumes no obligation to update forward-looking statements.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

CERTIFICATION

I, Dr. Nicholas D. Trbovich, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Servotronics, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
