(Mark One)

☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the quarterly period ended March 31, 2018

or

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

Commission File No. 1-07109

SERVOTRONICS, INC.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of incorporation or organization)

16-0837866

(I. R. S. Employer Identification No.)

1110 Maple Street

Elma, New York 14059

(Address of principal executive offices) (zip code)

(716) 655-5990

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer", "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Securities Exchange Act.

Large accelerated filer ☐ Accelerated filer ☐ Non-accelerated filer ☐ Smaller reporting company ☒ Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes ☐ No ☒

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by United States generally accepted accounting principles for complete financial statements.

The accompanying consolidated financial statements reflect all adjustments which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented. All such adjustments are of a normal recurring nature. Operating results for the three months ended March 31, 2018 are not necessarily indicative of the results that may be expected for the year ending December 31, 2018. The consolidated financial statements should be read in conjunction with the 2017 annual report and the notes thereto.

2. Business Description and Summary of Significant Accounting Policies

Business Description

Servotronics, Inc. and its subsidiaries design, manufacture and market advanced technology products consisting primarily of control components, and consumer products consisting of knives and various types of cutlery and other edged products.

Principles of Consolidation

The consolidated financial statements include the accounts of Servotronics, Inc. and its wholly-owned subsidiaries (the "Company"). All intercompany balances and transactions have been eliminated upon consolidation.

Cash and Cash Equivalents

The Company considers cash and cash equivalents to include all cash accounts and short-term investments purchased with an original maturity of three months or less.

Accounts Receivable

The Company grants credit to substantially all of its customers and carries its accounts receivable at original invoice amount less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its accounts receivable and establishes an allowance for doubtful accounts based on history of past write-offs, collections, and current credit conditions. The allowance for doubtful accounts amounted to approximately \$149,000 at March 31, 2018 and \$149,000 at December 31, 2017. The Company does not accrue interest on past due receivables.

Revenue Recognition

Revenues are recognized at the time of shipment of goods, transfer of title and customer acceptance, as required. Our revenue transactions generally consist of a single performance obligation to transfer contracted goods and are not accounted for under-industry-specific guidance. Purchase orders generally include specific terms relative to quantity, item description, specifications, price, customer responsibility for in-process costs, delivery schedule, shipping point, payment and other standard terms and conditions of purchase. Service sales, principally representing repair, are recognized at the time of shipment of goods.

The costs incurred for nonrecurring engineering, development and repair activities of our products under agreements with commercial customers are expensed as incurred. Subsequently, the revenue is recognized as products are delivered to the customers with the approval by the customers.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Inventories

Inventories are stated at the lower of cost or net realizable value. Cost includes all costs incurred to bring each product to its present location and condition. Market provisions in respect of lower of cost or market adjustments and inventory expected to be used in greater than one year are applied to the gross value of the inventory through a reserve of approximately \$1,622,000 and \$1,601,000 at March 31, 2018 and December 31, 2017, respectively. Pre-production and start-up costs are expensed as incurred.

The purchase of suppliers' minimum economic quantities of material such as steel, etc. may result in a purchase of quantities exceeding one year of customer requirements. Also, in order to maintain a reasonable and/or agreed to lead time, certain larger quantities of other product support items may have to be purchased and may result in over one year's supply. These amounts are not included in the inventory reserve discussed above.

Shipping and Handling Costs

Shipping and handling costs are classified as a component of cost of goods sold.

Property, Plant and Equipment

Property, plant and equipment is carried at cost; expenditures for new facilities and equipment and expenditures which substantially increase the useful lives of existing plant and equipment are capitalized; expenditures for maintenance and repairs are expensed as incurred. Upon disposal of properties, the related cost and accumulated depreciation are removed from the respective accounts and any profit or loss on disposition is included in income.

Depreciation is provided on the basis of estimated useful lives of depreciable properties, primarily by the straight-line method for financial statement purposes and by accelerated methods for income tax purposes. Depreciation expense includes the amortization of capital lease assets. The estimated useful lives of depreciable properties are generally as follows:

Buildings and improvements	5-40 years
Machinery and equipment	5-20 years
Tooling	3-5 years

Income Taxes

The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax basis of assets and liabilities, as well as operating loss and credit carryforwards. The Company and its subsidiaries file a consolidated federal income tax return, combined New York and Texas state income tax returns and separate Pennsylvania and Arkansas income tax returns.

The Company's practice is to recognize interest and/or penalties related to income tax matters in income tax expense. The Company did not have any accrued interest or penalties included in its consolidated balance sheets at March 31, 2018 or December 31, 2017, and did not recognize any interest and/or penalties in its consolidated statements of income during the three months ended March 31, 2018 and 2017. The Company did not have any material uncertain tax positions or unrecognized tax benefits or obligations as of March 31, 2018 and December 31, 2017. The 2014 through 2016 federal and state tax returns remain subject to examination.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Supplemental Cash Flow Information

There were no income taxes paid during the three months ended March 31, 2018 and 2017. Interest paid amounted to approximately \$ 25,000 and \$22,000 , respectively, during the three months ended March 31, 2018 and 2017.

Employee Stock Ownership Plan

Contributions to the employee stock ownership plan are determined annually by the Company according to plan formula.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment annually or whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable based on undiscounted future operating cash flow analyses. If an impairment is determined to exist, any related impairment loss is calculated based on fair value. Impairment losses on assets to be disposed of, if any, are based on the estimated proceeds to be received, less costs of disposal. The Company has determined that no impairment of long-lived assets existed at March 31, 2018 and December 31, 2017.

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain balances, as previously reported, were reclassified to conform with classifications adopted in the current period.

Research and Development Costs

Research and development costs are expensed as incurred.

Concentration of Credit Risks

Financial instruments that potentially subject the Company to concentration of credit risks principally consist of cash accounts in financial institutions. Although the accounts exceed the federally insured deposit amount, management does not anticipate nonperformance by the financial institutions.

Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses are reasonable estimates of their fair value due to their short maturity. Based on variable interest rates and the borrowing rates currently available to the Company for loans similar to its long-term debt, the fair value approximates its carrying amount.

Recent Accounting Pronouncements Adopted

Effective January 1, 2018 the Company adopted ASU 2017-07, "Compensation-Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost," issued by the Financial Accounting Standards Board (FASB) which requires employers to present the service cost component of net periodic benefit cost in the same income statement line item(s) as other employee compensation costs arising from services rendered during the period. Only the service cost component will be eligible for capitalization in assets. The other components of net periodic benefit cost will be presented separately from the line item(s) that includes the service cost and outside of any subtotal of operating income, if one is presented. ASU 2017-07 allows a practical expedient that permits an entity to use amounts disclosed in its pension and other post retirement requirements. The Company adopted this guidance during the reporting period. The reporting of the annual service costs is expected to be immaterial.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Effective January 1, 2018, the Company adopted ASU 2014-09, "Revenue from Contracts with Customers (Topic 606)" using the modified retrospective method. The new revenue recognition standard outlines a comprehensive model for companies to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. Topic 606 also requires significantly expanded disclosure requirements and applied the standard to all contracts that were not completed as of January 1, 2018. There was no cumulative effect of the adoption recognized. We have obtained an understanding of the new standard and determined that the Company will retain much of the same accounting treatment used to recognize revenue as compared to current standards. See below for the Company's updated revenue recognition accounting policy.

Revenue Recognition

Revenue is recognized at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring goods and services to a customer. The Company determines revenue recognition using the following five steps: (1) identify the contract(s) with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract; and (5) recognize revenue when the company satisfies a performance obligation.

Revenue excludes taxes assessed by a governmental authority that are both imposed on and concurrent with a specific revenue-producing transaction and collected by the Company from a customer (e.g., sales and use taxes). Revenue includes payments for shipping activities that are reimbursed by the customer to the Company.

Revenue on a significant portion of our contracts is currently recognized at the time of shipment of goods, transfer of title and customer acceptance, as required. Our revenue transactions generally consist of a single performance obligation to transfer contracted goods and are not accounted for under industry-specific guidance.

Performance obligations are satisfied as of a point in time. Performance obligations are supported by contracts with customers, providing a framework for the nature of the distinct goods, services or bundle of goods and services. The timing of satisfying the performance obligation is typically indicated by the terms of the contract. As a significant portion of the Company's revenue are recognized at the time of shipment, transfer of title and customer acceptance, there is no significant judgment applied to determine the timing of the satisfaction of performance obligations as well as the transaction price.

The timing of satisfaction of our performance obligations does not significantly vary from the typical timing of payment. The Company generally receives payment for these contracts within the payment terms negotiated and agreed upon by each customer contract.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Warranty and repair obligations are assessed on all returns. Revenue is not recorded on any warranty returns. Revenue is recognized on repair returns, covered under a customer contract, at the contractual price upon shipment to the customer.

Recent Accounting Pronouncements Not Yet Adopted

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)." There are elements of the new standard that could impact almost all entities to some extent, although the lessees will likely see the most significant changes. Lessee will need to recognize virtually all of their leases on the balance sheet, by recording the right-of-use asset and a lease liability. Public business entities are required to adopt the new leasing standard for fiscal years, and interim period within those fiscal years, beginning December 15, 2018. For calendar year-end public companies, this means an adoption date of January 1, 2019. Early adoption is permitted. The Company does not believe the adoption will have a material impact on the financial statements and disclosures.

In February 2018, the FASB issued ASU 2018-02, Income Statement - Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income to allow a reclassification from accumulated other comprehensive income to retained earnings for stranded tax effects resulting from the U.S. tax reform legislation commonly known as the Tax Cuts and Jobs Act of 2017. This guidance is effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years, with early adoption permitted. The Company does not expect this ASU to have a material effect on its consolidated financial statements.

3. Inventories

	March 31,	December 31,
	2018	2017
	(\$000's omitted)	
Raw material and common parts, net of reserve	\$ 6,700	\$ 7,609
Work-in-process	4,556	2,940
Finished goods, net of reserve	1,864	2,242
Total inventories	<u>\$ 13,120</u>	<u>\$ 12,791</u>

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

4. Property, Plant and Equipment

	March 31, 2018	December 31, 2017
	(\$000's ommitted)	
Land	\$ 7	\$ 7
Buildings	10,293	10,288
Machinery, equipment and tooling	17,373	17,249
Construction in progress	1,030	665
	28,703	28,209
Less accumulated depreciation	(17,416)	(17,188)
	\$ 11,287	\$ 11,021

As previously disclosed, on March 9, 2017 the Company through a wholly-owned subsidiary, sold certain unused commercial real property in Franklinville, New York for approximately \$180,000. The wholly-owned subsidiary recognized a de minimis loss on the sale.

Property, plant and equipment includes land and the facility in Elma, New York. Accumulated depreciation as of March 31, 2018 and December 31, 2017, on the building amounted to approximately \$3,515,000 and \$3,483,000, respectively.

Depreciation and amortization expense amounted to approximately \$244,000 and \$210,000 for the three months ended March 31, 2018 and 2017, respectively. The Company believes that it maintains property and casualty insurance in amounts adequate for the risk and nature of its assets and operations and which are generally customary in its industry.

As of March 31, 2018, there is approximately \$1,030,000 (\$665,000 – December 31, 2017) of construction in progress included in property, plant and equipment primarily related to capital projects at the Advanced Technology Group (“ATG”), including the equipment covered under the equipment financing agreement. See Note 7, Commitments and Contingencies, for more information on anticipated capital expenditures.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

5. Long-Term Debt

	March 31, 2018	December 31, 2017
(\$000's omitted)		
Term loan payable to a financial institution; Interest rate option of bank prime or Libor plus 1.4% (3.06% as of March 31, 2018), monthly principal payments of \$21,833 through 2021 with a balloon payment of \$786,000 due December 1, 2021	\$ 1,769	\$ 1,835
Term loan payable to a financial institution; Interest rate option of bank prime or Libor plus 1.4% (3.06% as of March 31, 2018), monthly principal payments of \$23,810 through December 1, 2021	1,071	1,142
Lease line of credit for equipment; Interest rate fixed for term of each funding based upon the Lender's lease pricing at time of funding. (Interest rate/factor 1.822758% - 1.8524982% at time of funding), monthly principal payments of \$12,675 through January 8, 2022	711	654
	3,551	3,631
Less current portion	(700)	(681)
	\$ 2,851	\$ 2,950

The Company has a \$2,000,000 line of credit on which there was no balance outstanding at March 31, 2018 and December 31, 2017.

The term loans are secured by all personal property of the Company with the exception of certain equipment that was purchased from proceeds of government grants.

Certain lenders require the Company to comply with debt covenants as described in the specific loan documents, including a debt service ratio. At March 31, 2018 and December 31, 2017 the Company was in compliance with these covenants.

The Company established a lease line of credit for equipment financing in the amount of \$1,000,000 available until June 28, 2018. This line is non-revolving and non-renewable. The lease term for equipment covered by the lease line of credit is 60 months. Monthly payments will be fixed for the term of each funding based upon the Lender's lease pricing in effect at the time of such funding. There was approximately \$711,000 outstanding at March 31, 2018.

6. Shareholders' Equity

	Common Stock		(\$000's omitted except for share data)					Total shareholders' equity

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Company's Board of Directors authorized the purchase of up to 450,000 shares of its common stock in the open market or in privately negotiated transactions. As of March 31, 2018, the Company has purchased 349,330 shares and there remains 100,670 shares available to purchase under this program. There were no shares purchased by the Company during the three month period ended March 31, 2018.

On January 1, 2018, 28,500 shares of restricted stock vested of which 11,341 shares were withheld by the Company for approximately \$117,000 to satisfy statutory minimum withholding tax requirements for those participants who elected this option as permitted under the Company's 2012 Long-Term Incentive Plan. Additionally, upon the death of Servotronics' Chairman of the Board and Chief Executive Officer (CEO), 15,000 restricted shares awarded to the Chairman and CEO vested.

On April 18, 2013, the Company issued 165,000 shares of restricted stock to Executive Officers of the Company under the Company's 2012 Long-Term Incentive Plan that was approved by the shareholders at the 2012 Annual Meeting of Shareholders. This plan authorizes the issuance of up to 300,000 shares. The restricted share awards vested over a four year period between January 2014 and January 2017; however, these shares had voting rights and accrued dividends prior to vesting. The aggregate amount of expense to the Company, measured based on grant date fair value (\$1,336,500) was recognized over the four year requisite service period.

On April 11, 2016, the Company issued 51,000 shares of restricted stock to Executive Officers and certain key management of the Company under the Company's 2012 Long-Term Incentive Plan. The restricted share awards had varying vesting periods between January 2017 and January 2018; however, these shares had voting rights and accrued dividends prior to vesting. The aggregate amount of expense to the Company, measured based on grant date fair value (\$406,000) and was recognized over the requisite service period.

There was no stock-based compensation expense included in the three months ended March 31, 2018 and approximately \$53,000 of stock-based compensation expense included in the three months ended March 31, 2017 related to the restrictive share awards.

Earnings Per Share

Basic earnings per share is computed by dividing net earnings by the weighted average number of shares outstanding during the period. The weighted average number of common shares outstanding does not include any potentially dilutive securities or any unvested restricted shares of common stock. These unvested restricted shares, although classified as issued and outstanding, are considered forfeitable until the restrictions lapse and will not be included in the basic EPS calculation until the shares are vested. Diluted earnings per share is computed by dividing net earnings by the weighted average number of shares outstanding during the period plus the number of shares of common stock that would be issued assuming all contingently issuable shares having a dilutive effect on the earnings per share that were outstanding for the period. Incremental shares from assumed conversions are calculated as the number of shares that would be issued, net of the number of shares that could be purchased in the marketplace with the cash received upon stock option exercise. The dilutive effect of unvested restrictive stock is determined using the treasury stock method.

7. Commitments and Contingencies

Post retirement obligation. As previously disclosed in filings with the Securities and Exchange Commission (“SEC”), the Company, under an employment agreement, is expected to pay post employment health related benefits to a former Executive Officer of the Company (the “Former Employee”), of which approximately \$1,007,000 has been accrued as of March 31, 2018 and December 31, 2017 and is reflected as Post Retirement Obligation in the accompanying balance sheet.

The Company provides certain post employment health and life insurance benefits pursuant to an employment agreement with Kenneth Trbovich. Upon retirement and after attaining at least the age of 65, the Company will pay for the retired Executive’s and dependent’s health benefits and will continue the Company-provided life insurance offered at the time of retirement. The retiree’s health insurance benefits ceases upon the death of the retired executive. Approximately \$764,000 and \$736,000 has been accrued as of March 31, 2018 and December 31, 2017, respectively, and is reflected as Post Retirement Obligation in the accompanying balance sheet.

Arbitration expense. Subsequent to the termination of the Former Employee, the scope of the health related benefits obligation in the employment agreement became an issue. In June 2016 an Arbitrator was selected by the parties to hear this matter. The Company did not consider the risk of loss to be probable prior to the issuance of the partial final arbitration opinion and award. The Company disputed the amount of fees and costs to be reimbursed and a final opinion and award was issued on March 22, 2018. The Company has accrued approximately \$367,000 and \$270,000 of arbitration-related expense at March 31, 2018 and December 31, 2017, respectively. This amount is reflected in other accrued expenses in the accompanying balance sheet.

Facility Expansion. The Company’s Consumer Products Group (“CPG”) was awarded a \$300,000 grant from Cattaraugus County Industrial Development Agency (“CCIDA”). The grant was used towards new manufacturing equipment in connection with the proposed expansion project. As part of the terms of the Grant Contract with CCIDA, the Company’s CPG has agreed to maintain certain employment levels for a period of five years from the date of the agreement, March 13, 2014. If the employment levels are not maintained, the Company will be required to repay the grant proceeds on a prorated basis. The Company has maintained the required employment levels as of March 31, 2018.

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

8. Litigation

Litigation. The Company has pending litigation relative to leases of certain equipment and real property with a former related party, Aero, Inc. Aero, Inc. is suing Servotronics, Inc. and its wholly owned subsidiary and has alleged damages in the amount of \$3,000,000. The Company has filed a response to the Aero, Inc. lawsuit and has also filed a counter-claim in the amount of \$3,191,000. The Company considers the risk of loss remote, and is unable to reasonably or accurately estimate the likelihood and amount of any liability or benefit that may be realized as a result of this litigation. Accordingly, no gain or loss has been recognized in the accompanying financials statements related to this litigation.

There are no other legal proceedings currently pending by or against the Company other than litigation incidental to the business which is not expected to have a material adverse effect on the business or earnings of the Company.

9. Related Party Transactions

The Company paid legal fees and disbursements of approximately \$47,000 and \$54,000 in the three month periods ended March 31, 2018 and 2017, respectively, for services provided by a law firm that is owned by a member of the Company's Board of Directors. Additionally, the Company accrued approximately \$40,000 and 48,000 of legal fees as of March 31, 2018 and 2017, respectively.

10. Business Segments

The Company operates in two business segments, ATG and CPG. The Company's reportable segments are strategic business units that offer different products and services. The segments are composed of separate corporations and are managed separately. Operations in ATG primarily involve the design, manufacture, and marketing of servo-control components (i.e., torque motors, control valves, actuators, etc.) for government, commercial and industrial applications. CPG's operations involve the design, manufacture and marketing of a variety of cutlery products for use by consumers and government agencies. The Company derives its primary sales revenue from domestic customers, although a portion of finished products are for foreign end use.

As of March 31, 2018, the Company had identifiable assets of approximately \$38,632,000 (\$37,986,000 – December 31, 2017) of which approximately \$27,484,000 (\$26,331,000 – December 31, 2017) was for ATG and approximately \$11,148,000 (\$11,655,000 – December 31, 2017) was for CPG.

Information regarding the Company's operations in these segments is summarized as follows:

	(\$000's omitted)					
	ATG		CPG		Consolidated	
	Three Months Ended March 31,		Three Months Ended March 31,		Three Months Ended March 31,

11. Subsequent Events

None.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Overview

The Company's commercial business is affected by such factors as uncertainties in today's global economy, global competition, the vitality and ability of the commercial aviation industry to purchase new aircraft, the effects and threats of terrorism, market demand and acceptance both for the Company's products and its customers' products which incorporate Company made components.

During the three months ended March 31, 2018 and 2017 approximately 9% of the Company's revenues were derived from contracts with agencies of the U.S. Government or their prime contractors and their subcontractors. The Company believes that government involvement in military operations overseas will continue to have an impact on the financial results in both the Advanced Technology and Consumer Products markets. While the Company is optimistic in relation to these potential opportunities, it recognizes that sales to the government are affected by defense budgets, the foreign policies of the U.S. and other nations, the level of military operations and other factors, and as such, it is difficult to predict the impact on future financial results.

The ATG engages in business development efforts in its primary markets and is broadening its activities to include new domestic and foreign markets that are consistent with its core competencies. We believe our business remains particularly well positioned in the strong commercial aircraft market driven by the replacement of older aircraft with more fuel efficient alternatives and the increasing demand for air travel in emerging markets. Although the ATG backlog continues to be strong, actual scheduled shipments may be delayed/changed as a function of the Company's customers' final delivery determinations based on changes in the global economy and other factors.

The CPG consumer products are marketed throughout the United States and in select foreign markets. Consumer sales are moderately seasonal. Sales are direct to consumer, through national and international distributors, and through retailers such as big box, hardware, supermarket, variety, department, discount, gift, drug, outdoors and sporting stores. The CPG also sells knives and tools, principally machetes, bayonets, survival knives and kitchen knives, to various branches of the United States Government which accounted for less than 2% of the Company's consolidate revenues in the three months ended March 31, 2018 and 2017.

See also Note 10, Business Segments, for information concerning business segment operating results.

Results of Operations

The following table compares the Company's consolidated statements of income data for the three months ended March 31, 2018 and 2017 (\$000's omitted):

(\$000's omitted except per share data)

Three Months Ended March 31,

	2018		2017		2018 vs 2017	
	Dollars	% of Sales	Dollars	% of Sales	Dollar Change	% Increase (Decrease)
Revenues:						
Advanced Technology	\$ 9,115	86.3%	\$ 7,420	81.5%	\$ 1,695	22.8%
Consumer Products	1,444	13.7%	1,683	18.5%	(239)	(14.2%)
	10,559	100.0%	9,103	100.0%	1,456	16.0%
Cost of goods sold, exclusive of depreciation and amortization	8,312	78.8%	7,042	77.4%	1,270	18.0%
Selling, general and administrative	1,613	15.3%	1,832	20.1%	(219)	(12.0%)
Depreciation and amortization	212	2.0%	210	2.3%	2	1.0%
Total costs and expenses	10,137	96.0%	9,084	99.8%	1,053	11.6%
Operating income, net	422	4.0%	19	0.2%	403	2121.1%
Interest expense	25	0.2%	23	0.3%	2	8.7%
Income tax provision (benefits)	66	0.6%	(30)	-0.3%	96	912.9%
Net income	\$ 331	3.1%	\$ 26	0.2%	\$ 305	1173.1%

Revenue

The Company's consolidated revenues from operations increased approximately \$1,456,000 or 16.0% for the three month period ended March 31, 2018 when compared to the same period in 2017. During this period ATG increased commercial shipments by approximately \$1,590,000 offset by a CPG decrease in commercial shipment of approximately \$205,000. ATG also increased government shipments by approximately \$106,000 offset by a CPG decrease in government shipments of approximately \$35,000.

Cost of Goods Sold

Cost of goods sold increased approximately \$1,270,000 or 18.0% for the three month period ended March 31, 2018 when compared to the same period in 2017. The increase in cost of goods sold is primarily attributable to the increase in revenue volume, the costs incurred by an increase in headcount and increase in warranty expense. The Company continues to pursue cost saving opportunities in material procurements and operating efficiencies including capital investments and technical developments in updated and new equipment/machinery as well as investing in the development and training of its labor force.

Selling, General and Administrative Expenses

Selling, general and administrative (SG&A) decreased approximately \$219,000 or 12.0% for the three month period ended March 31, 2018 when compared to the same period in 2017. The decrease in the SG&A expense in the three month period is primarily driven by the decrease in salary and wages attributable to Servotronics' former Chairman of the Board and Chief Executive Officer recognized in 2017 but not in 2018.

Depreciation and Amortization Expense

Depreciation and amortization remained relatively consistent for the three month period ended March 31, 2018 when compared to the same period in 2017. Depreciation expense fluctuates due to variable estimated useful lives of depreciable property (as identified in Note 2, Business Description and Summary of Significant Accounting Policies, of the accompanying consolidated financial statements) as well as the amount and nature of capital expenditures in current and previous periods. It is anticipated that the Company's future capital expenditures and related depreciation and amortization expense will follow the Company's requirements to support its manufacturing delivery commitments and to implement certain information technology improvements.

Interest Expense

Interest expense remained relatively consistent for the three month period ended March 31, 2018 when compared to the same period in 2017. See also Note 5, Long-Term Debt, for information on long-term debt.

Income Taxes

The Company's effective tax rate was approximately 16.5% and 750.0% for the three month period ended March 31, 2018 and 2017, respectively. The effective tax rate for the three months ended in 2018 was lower than the U.S. federal statutory rate of 21.0% primarily as a result of the effect of permanent differences. The effective tax rate for the three month period ended March 31, 2017 includes approximately \$19,000 of tax benefit resulting from the vesting of restricted stock awards. Without this tax benefit, the effective tax rate would be 30.9%. The effective tax rate in both years reflects federal and state income taxes, permanent non-deductible expenditures and the federal tax credit for research and development expenditures.

Net Income

Net income for the three month period ended March 31, 2018 increased approximately \$305,000 when compared to the same periods in 2017. The increase of net income for the three month period is the result of the increase in revenue and lower SG&A as discussed above.

Liquidity and Capital Resources

The Company's primary liquidity and capital requirements relate to working capital needs; primarily inventory, accounts receivable and accounts payable as well as capital expenditures for property, plant and equipment and principal and interest payments on debt. At March 31, 2018, the Company had working capital of approximately \$20,924,000 of which approximately \$3,886,000 was comprised of cash and cash equivalents.

The Company used approximately \$113,000 in cash from operations during the three months ended March 31, 2018. The primary uses of cash for the Company's operating activities for the three month period ended March 31, 2018 includes the increase in accounts receivable and inventory due to the increase in revenue partially offset by the generation of cash primarily due to the timing of payments to our suppliers. The Company's primary use of cash in its financing and investing activities in the three months ended March 31, 2018 included approximately \$172,000 of current principal payments on long-term debt, approximately \$117,000 for the purchase of treasury shares, partially offset by the proceeds from our lease line of credit of \$92,000. The Company also expended approximately \$511,000 for capital expenditures during the three months ended March 31, 2018.

The Company renewed a \$2,000,000 line of credit available until June 20, 2018. There was no balance outstanding at March 31, 2018.

The Company established a lease line of credit in the amount of \$1,000,000 available until June 28, 2018. The lease term for equipment covered by the lease line of credit is 60 months. There was approximately \$711,000 balance outstanding at March 31, 2018.

The Company believes its cash generating capability and financial condition, together with available credit facilities will be adequate to meet our operating, investing and financing needs.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information required under this item.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

The Company carried out an evaluation under the supervision and with the participation of its management, including the Company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), of the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)) as of March 31, 2018. Based upon that evaluation, the CEO and CFO concluded that the Company's disclosure controls and procedures are effective to ensure that the information required to be disclosed by the Company in SEC reports under the Exchange Act (i) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) is accumulated and communicated to the Company's management, including the CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls

During the three month period ended March 31, 2018, there were no changes in internal controls over financial reporting that have materially affected, or are reasonably likely to affect, the Company's internal controls over financial reporting.

PART II
OTHER INFORMATION

Item 1. Legal Proceedings

Except as set forth in Note 8, Litigation, there are no other legal proceedings which are material to the Company currently pending by or against the Company other than litigation incidental to the business, which is not expected to have a material adverse effect on the business or earnings of the Company.

Item 1A. Risk Factors

Not applicable.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(c) Company Purchases of Company's Equity Securities

2018 Periods	Total Number of Shares Purchased/Withheld	Weighted Average Price \$ Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (1)	Maximum Number of Shares that may yet be Purchased under the Plans or Programs (1)
January	11,341(2)	\$ 10.40	-	100,670
February	-	-	-	100,670
March	-	-	-	100,670
Total	11,341	\$ 10.40	-	100,670

(1) The Company's Board of Directors authorized the purchase of up to 450,000 shares of its common stock in the open market or in privately negotiated transactions. As of March 31, 2018, the Company has purchased 349,330 shares and there remains 100,670 shares available to purchase under this program. There were no shares purchased by the Company during the three month period ended March 31, 2018.

(2) Includes 11,341 shares withheld by the Company in January 2018 to satisfy statutory minimum withholding tax requirements for those participants who elected this option as permitted under the Company's 2012 Long-Term Incentive Plan.

Item 3. Defaults Upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

Not applicable

Item 6. Exhibits

- 101 The following materials from Servotronics, Inc.'s Quarterly Report on Form 10-Q for the quarter ended March 31, 2018, formatted in XBRL (eXtensible Business Reporting Language): (i) consolidated balance sheets, (ii) consolidated statements of income, (iii) consolidated statements of comprehensive income, (iv) consolidated statements of cash flows and (v) the notes to the consolidated financial statements.

FORWARD-LOOKING STATEMENTS

In addition to historical information, certain sections of this Form 10-Q contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, such as those pertaining to the Company's capital resources and profitability, the timing and amount of payment obligation relating to the arbitration award and the Company's ability to pay these obligations. Forward-looking statements involve numerous risks and uncertainties. The Company derives a material portion of its revenues from contracts with agencies of the U.S. Government or their prime contractors. The Company's business is performed under fixed price contracts and the following factors, among others discussed herein, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: uncertainties in today's global economy and global competition, and difficulty in predicting defense appropriations, the vitality of the commercial aviation industry and its ability to purchase new aircraft, the willingness and ability of the Company's customers to fund long-term purchase programs, and market demand and acceptance both for the Company's products and its customers' products which incorporate Company-made components. The success of the Company also depends upon the trends of the economy, including interest rates, income tax laws, governmental regulation, legislation, population changes and those risk factors discussed elsewhere in this Form 10-Q. Readers are cautioned not to place undue reliance on forward-looking statements, which reflect management's analysis only as of the date hereof. The Company assumes no obligation to update forward-looking statements.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

CERTIFICATION

I, Kenneth D. Trbovich, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Servotronics, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
